International Trade Fair for the Logistics
of Energy Sources, Lubricants
and Industrial Gases

WWW.FUEL-GAS-LOGISTICS.COM

22-24 OCTOBER 2024 | LEIPZIG

WELCOME TO A UNIQUE TRADE FAIR DUO:

In October 2024, two thematically related trade fairs await you under one roof for the first time:

GGG - Trade Fair Dangerous Goods // Hazardous Substances and **Fuel & Gas Logistics – International trade fair for the logistics of energy sources, lubricants and industrial gases.**

The added value between the two shows offers many benefits for an effective visit. One ticket and a common location in one hall guarantee a compact overview of the synergies and short distances.

The vibrant city of Leipzig with its central location in the heart of the Central German economic region and the Leipzig Exhibition Centre with its perfect infrastructure create ideal location conditions for the combined trade fair.

TWO TRADE FAIRS. ONE VENUE. TWICE THE BENEFITS.

The synergies between **GGG** and **Fuel & Gas Logistics** are obvious, despite the different focus of the trade fairs.

Almost every transport and logistics process of energy sources, lubricants and industrial gases is also the transport of dangerous goods or the handling of hazardous substances. In many cases, the equipment required for this and the regulations to be observed are identical or comparable.

The offerings of the two trade fairs overlap and complement each other, making a joint visit effective for a clear overview of the synergies.

GGG – TRADE FAIR DANGEROUS GOODS // HAZARDOUS SUBSTANCES TRANSPORT – STORAGE – INTRALOGISTICS – SAFETY

The GGS takes place every two years in Leipzig as a unique industry platform for the entire dangerous goods and hazardous substances logistics sector. The offer includes products and services for the transport of hazardous goods, storage, intralogistics of hazardous substances and the safety of all processes in the logistics chain.

With its offer profile, GGS is aimed equally at decision-makers and specialists responsible for transport, storage and logistics processes as well as hazardous goods, protection and safety officers.

Topics:

- ⚡ Hazardous substance management made easy
- ⚡ Lithium batteries: Hazards and emergency concepts
- ⚡ The tub is full
- ⚡ Prohibition of combined storage

DANGEROUS GOODS REGULATIONS 2025 - OUTLOOK AND DEVELOPMENTS!

Venue:

24/10/2024, 10:00 a.m. – 4:00 p.m. - CCL / Level +1, Hall 4

Organiser:

VCI Verband der Chemischen Industrie e.V.

Contact:

Dipl.-Ing. Jörg Roth

Tel.+49 (0) 69 2556 1523, Email: jroth@vci.de

Registration:

Required via VCI, admission document is the day ticket.
This information event is aimed at members of the VCI.

Topics:

- ⚡ Changes to the dangerous goods regulations 2025, taking into account all modes of transport
- ⚡ Presentation on electronic transport information! (incl. implementation in Germany)

You can find the complete programme at: www.ggs-messe.de/en

FUEL & GAS LOGISTICS TRANSPORT – STORAGE – HANDLING – TRADING

In October 2024, Fuel & Gas Logistics will make its debut at the Leipzig exhibition centre.

The trade fair covers the entire logistics chain for the transport, handling, storage and trading of fossil, renewable and synthetic energy sources, as well as of lubricants and industrial gases across all modes of transport. The focus is equally on liquid, solid and gaseous substances.

The trade fair appeals to a wide range of visitor target groups, in particular the mineral oil, fuel and energy trade, industrial bulk buyers, forwarding and transport companies as well as handling and storage operations.

**THE PLATFORM
FOR INNOVATIVE
DEVELOPMENTS**

EXHIBITION AREAS OF FUEL & GAS LOGISTICS

- ◇ Road transport equipment
- ◇ Rail transport equipment
- ◇ Transport containers and mobile tank systems for all modes of transport
- ◇ Tank filling technology and accessories
- ◇ Handling and storage
- ◇ Servicing and maintenance
- ◇ Transport and logistics services for energy sources, lubricants and industrial gases
- ◇ IT – Digitalisation – Networking
- ◇ General safety, occupational safety and environmental protection for the transport and logistics of energy sources, lubricants and industrial gases
- ◇ Industry-related services
- ◇ Product solutions for energy trading

**DISCOVER
EXCITING NEW
PRODUCTS**

CONFERENCE PROGRAMME OF FUEL & GAS LOGISTICS

MEW CONFERENCE "THE ENERGY TRANSITION – CHALLENGES FOR THE ENERGY INDUSTRY AND THE SOCIETY"

MEW will give visitors a glimpse of the energy world of the future. Various topics will be presented and discussed by industry experts. As a conference participant, you will be taken through almost the entire spectrum of future energy supply.

Venue: 22 October 2024, 10:30 a.m. – 4:00 p.m.
(with an exhibition visit during lunch break) - CCL | Level +1, Hall 4

Organiser: MEW Mittelständische Energiewirtschaft Deutschland e.V.

Contact: Benjamin Ost, Tel.: +49 (0) 30 80 950 45 42, Email: ost@mew-verband.de
Ulrike Tuchardt, Tel.: +49 (0) 30 80 950 45 43, Email: tuchardt@mew-verband.de
